

GREENCROP IRRIGATION

Bunded Fuel Bowser

Greencrop offer a range of high speed bunded fuel (diesel) bowzers for highway use. The high speed version GCFB220T has a capacity of 1000 litres (220 gallon), with over 110% bund. It is fully compliant to ADR - IBC - UN approval, fitted with implosion and explosion safety valves. The unit also complies with the latest VOSA type approval regulations, IVA (individual vehicle approval) certification and current regulation lighting.

GCFB220TAB has an integral built-in 220 litre AdBlue tank and pumping system with both fuel and AdBlue hoses that are retractable from the rear of the bowser for ease.
