

# GREENCROP IRRIGATION

## Multicam Low Volume Irrigator

Control made easy  
Best in the field

**Adjustable Speed Cam - Packed with features and designed to last**

**Features include:**

- Adjustable cam
- Superior sealing system
- Heavy duty bearings
- Double ratchet drive
- HP nozzles

**Benefits include:**

- 7 different speeds
- Easy to adjust
- Different application rates
- Abrasion protective seal
- High pressure seal
- Longer life
- Even load distribution
- High performance rubber conical nozzles

## Multicam advantages over other makes of Irrigators being sold in the UK

1. The chassis is made from heavy material and is stronger. The "A" frame chassis shape means the wheels cannot be ripped off if it hits a post or tree. The "A" frame on the "Multicam" will bounce off the post leaving the chassis undamaged.
  2. The riser pipe is manufactured from 50mm pipe, then increases to 65mm, then to 50mm and then again down to 40mm. This reduces flow resistance.
  3. We have an overrun brake, which operates like a chainsaw brake and only works when there is slack in the wire rope.
- The cam arrangement is far superior. The multicam has more speed settings and the speeds are easier to select. By moving two pins will change the application rate.
5. The multicam has two bolt on winch teeth which ensure more even load distribution when winding the wire rope and simple replacement if the winch teeth do ever wear.
  6. Bearings are mounted on the boom cam rotating point, and bronze bushes are also in the multicam which are 5 times stronger than the nylon/polybush bushes used in other makes.

### Travelling Irrigator Performance Chart

<b>NOZZLE SIZE</b>	8mm
<b>PRESSURE AT MULTICAM</b>	2.5 BAR
<b>WETTED WIDTH</b>	25m
<b>FLOW</b>	1,760 GALLONS/hr (8m <sup>3</sup> /hr)

<b>APPLICATION (mm)</b>	<b>TOTAL APPLIED / RUN</b>	<b>TOTAL RUN TIME</b>
6	6,600 (30m <sup>3</sup> )	3.8 HRS
8	8,800 (40m <sup>3</sup> )	5.0 HRS
10	11,000 (50m <sup>3</sup> )	6.3 HRS
12	13,200 (60m <sup>3</sup> )	7.5 HRS
14	15,400 (70m <sup>3</sup> )	8.8 HRS
16	17,600 (80m <sup>3</sup> )	10.0 HRS
18	19,800 (90m <sup>3</sup> )	11.3 HRS
